
13A Children's services — attachment

Definitions for the descriptors and indicators in this attachment are in Section 13A.3. Unsourced information has been obtained from Commonwealth, State and Territory governments.

The data contained in this attachment may be subject to revision. The web page version of the Report contains the most up-to-date data where changes have occurred. This attachment can be found at www.pc.gov.au/service/gsp/2000/attach13A.pdf. Users without Internet access can contact the Secretariat (details inside front cover of the Report).

Data in this report are examined by the Review's Children's Services Working Group, but have not been formally audited by the Secretariat. A peer review process is also undertaken in the development of data definitions.

^a Numbers of children in each age category included vacation care which may result in double counting as a result of an overlap with outside school hours care. Children from Aboriginal playgroups were not included because ages are not collected for these children. There were 2500 children who attended Aboriginal playgroups. Data includes a small number of children older than 12 years. ^b Full time equivalent was interpreted as working 38 hours per week. No information was available for Aboriginal playgroups, mobiles, neighbourhood model and family day care schemes. These questions were not asked in the Census of Child Care Services. ^c For family day care it is not possible to determine whether a carer is an employee or a contractor — the situation differs within each State and between States.

^a Average attendance hours were derived by summing hours paid for within each sector and dividing by the number of children who attended in the reference week. No information was available for mobile and Aboriginal playgroups for hours of attendance; children from these sectors were not included in the total children using other care. The children count in this section will be lower than the number of children in table 12A.2. ^b Average days of attendance. The census asked for days, not hours, attended. **na** Not available.

^a Victoria collected data on attendances of children at some vacation care, before and after school hours care and occasional care services, not individual children. ^b Data refers to funded ACFE services only and are based on a low response rate (around 70 per cent). Does not include TAB services where attendances can not be accurately counted. ^c Data includes children attending preschool in a range of settings, including stand-alone preschools and long day care centres. Data for 1997-98 were current at 12 March 1998. Data for 1998-99 were current at 18 March 1999. ^d Data excludes paid primary contact staff in child care services receiving State government preschool funding. Full time equivalent (FTE) calculated using 40 hours as the standard working week. Data relate to stand-alone preschools only and excludes long day care centres. **na** Not available. **..** Not applicable.

^a Data were provided by the Commonwealth for State funded TAFE child care services. ^b At 30 June 1997. ^c A place was defined as providing a whole day of care. Places included 240 State funded places and 7185 block grant places. Places at 27 April 1998. ^d Standard weekly fee in State funded services only. ^e Places at 27 April 1998. ^f Standard sessional fee. ^g At 30 June 1998. ^h At 30 June 1999 and includes 235 ACFE places and 78 State funded TAB places. ⁱ Average hourly fee. ^j Median hourly fee paid by most children. ^k Includes children attending funded preschool services in a range of settings, including stand-alone preschools and long day care centres. ^l Median weekly fee. ^m The Victorian Government provides a health card grant to services for families on low incomes. This grant was used to reduce the term fee for those families. All fees were voluntary. ⁿ Median hourly fee calculated by dividing term fee by 10 weeks and then dividing the hours offered per week, as there is a variation in the number of hours offered for the term fee. Data relate to stand-alone preschools only and excludes long day care centres. **na** Not available. **..** Not applicable.

Table 13A.36 Government expenditure on children's services (\$'000)

	1996-97	1997-98	1998-99
Administrative expenditure ^a	3 496	3 927 ^b	3 396
Other expenditure on service provision:			
Child care	6 971	6 638	3 417 ^c
Preschool	54 544	59 076	59 978
Expenditure on assets:			
Child care	0	0	0
Preschool	7 073	2 809	728
Financial support to families	0	0	0
Total expenditure	72 084	72 450	67 519

^a Administrative expenditure cannot be split by service type as the children's services program is administered as an integrated program at both the regional and central office level. ^b Includes additional one-off expenditure to finalise new children's services legislation, prepare for implementation and support the sector immediately after implementation. Included administration for all licensed services not just funded services. ^c Includes expenditure on occasional care and TAFE child care as well as expenditure to the Commonwealth for the administration of school age child care funding.

Table 13A.37 Services by management type, 1998-99 (number)

Total paid primary contact staff	188^d	100.0	3 040^b	100.0

^a Data represent average daily attendance for a two-week vacation care period in 1997-98. Data were unavailable for the other types of care funded/provided. In 1998-99, data refer to occasional care. ^b Data unavailable for staff in non-State preschools. ^c Includes the number of paid primary contact staff without a formal qualification for child care and preschool, irrespective of relevant work experience. ^d Data relate to staff working in occasional care services only. Missing data calculated by using averages of supplied data. ^e Data relate to community kindergartens and preschools associated with the Creche and Kindergarten Association. Includes staff with no formal qualifications and less than three years experience in early childhood services. **na** Not available.

Table 13A.46 Government expenditure on children's services (\$'000)

	1996-97	1997-98	1998-99
Administrative expenditure			
Child care	2 714	5 095 ^a	5 978 ^b
Preschool	3 800	4 089	7 741 ^c
Other expenditure on service provision			
Child care	5 375	5 114	5 089
Preschool	87 401	97 354	101 273
Expenditure on assets			
Child care	7 459	7 800	6 093
Preschool	4 920	5 422	2 237
Financial support to families	0	0	0
Total expenditure			
Child care	15 548	22 801^d	23 689^d
Preschool	96 121	106 865	111 251

^a Different methods were used to calculate administration expenditure on child care services in 1996-97.

^b These figures were based on activity based costing (an accrual accounting method) whereas they were previously based on cash accounting. This inflates the expenses from previous years as this model attributes regional and corporate expenses more comprehensively. Includes expenditure on the Outside School Hours Care Activities for Young People Program which targets 13 to 15 year olds. ^c Excludes Queensland's costs in administering funding for Creche and Kindergarten Association community kindergartens and preschools.

^d Includes expenditure on items additional to those listed above.

13A.3 Definitions

Table 13A.104 **Terms**

<i>Term</i>	<i>Definition</i>
Approved	Preschool care that meets State and Territory government licensing requirements (where such requirements exist)
Centre based long day care	Child care services provided at a centre, usually by qualified staff. Age appropriate development programs and curricula are provided
Child care	Care provided to a child by a person other than the child's parent or guardian
Children	All resident male and female Australians aged 12 years and younger as at 30 June of each year
Children from Aboriginal or Torres Strait Islander backgrounds	Children of Aboriginal or Torres Strait Islander descent who identify as an Aboriginal or Torres Strait Islander and are accepted as such by the community in which he or she lives
Children from non-English speaking backgrounds	Children living in situations where the main language spoken is not English
Children from single parent families	Children of one parent families
Children's services	All government funded and/or provided child care and preschool services (unless otherwise stated)
Disability related care	Care of children who had a developmental delay or disability (including intellectual, sensory or physical impairment) or parent(s) with a disability
Family day care	Care provided for children in the carer's own home. It is largely aimed at 0–5 year olds, but primary school children may also receive care before and after school and during school vacations. Central coordination units in all States and Territories organise and support a network of carers.
Financial support to families	Any form of fee relief paid by governments to the users of children's services (for example, Childcare Assistance and the Childcare Rebate)

(Continued on next page)

Table 13A. Error! Not a valid link. (Continued)

<i>Term</i>	<i>Definition</i>
Formal child care	Organised care provided by a person other than the child's parent or guardian usually outside of the child's home — for example, centre based long day care, family day care, outside school hours care, vacation care and occasional care (not including babysitting)
Formal qualifications	Early childhood related teaching degree (three or four years), a child care certificate or associate diploma (two years), and/or other relevant qualifications (for example, a diploma or degree in child care [three years or more], a basic child care certificate [1 year], primary teaching, other teaching, nursing [including mothercraft nursing], psychology and social work)
Government funded or/and provided	All government financed services; that is, services that received government contributions towards providing a specified service (including private services receiving Childcare Assistance and the Childcare Rebate) and/or services for which the government had primary responsibility for delivery
Informal child care	Child care arrangements provided privately (for example, by friends, relatives, nannies) for which no government assistance was provided other than the Commonwealth's Childcare Cash Rebate. It was unregulated in most States and Territories.
Licensed services	Those services that comply with the relevant State or Territory licensing regulations. These cover matters such as the number of children the service can care for, safety requirements and the qualifications of carers.
Metropolitan areas	Defined as per the 1994 Human Services and Health and Department of Primary Industry and Energy publication <i>Rural, Remote and Metropolitan Areas Classification 1991 Census Edition</i> . In this publication, metropolitan areas are defined as areas which have an urban centre of 100 000 people or more. Jurisdictions were provided with a table indicating the classification assigned to 1996 statistical local areas (SLAs). Jurisdictions used this table to establish the total number of rural and remote places receiving government funding.
Nonstandard hours of care	Nonstandard hours of care by service type were defined as: <ul style="list-style-type: none"> • centre based long day care — services providing service for more than 10 hours a day on Monday to Friday and/or providing service on weekends; • family day care — services providing service for more than 10 hours a day on Monday to Friday and/or providing service overnight and/or on weekends; • vacation care — services providing service for more than 10 hours a day; • before school hours care — services providing service for more than two hours before school; • after school care — services providing service for more than three hours after school; • occasional care — services providing service for more than eight hours a day; • other — services providing service for more than 10 hours a day; and • preschool — services providing service for more than six hours a day.

(Continued on next page)

Table 13A. Error! Not a valid link. (Continued)

<i>Term</i>	<i>Definition</i>
Notifiable outbreaks of disease	Situations where the relevant health department was notified
Occasional care	Child care usually provided at a centre on an hourly or sessional basis for short periods of time or at irregular intervals specifically for parents who need time to attend appointments, take care of personal matters, undertake casual and part time employment, study, or have temporary respite from full time parenting. These services are usually delivered by qualified staff and provide developmental activities for children.
Operational place	A licensed place (where a licensing system exists, or in receipt of government funding where not licensed) able to accept children as at 30 June each year
Other care	Government funded services to support children with additional needs or in particular situations (including children from an Aboriginal or Torres Strait Islander background, children from non-English speaking backgrounds, children with a disability or of parents with a disability, and children living in remote and rural areas). It includes: multifunctional services; multifunctional Aboriginal and Torres Strait Islander children's services; mobiles; and toy libraries.
Other expenditure on service provision	Continuing payments to funded and/or provided services and one-off, noncapital payments to peak agencies
Outside school hours care	Care provided for school aged children (5–12 years old) outside school hours during term and vacations. Care may be provided on student free days and when school finishes early.
Preschools	Services usually provided by a qualified teacher on a sessional basis in dedicated preschools. Preschool programs or curriculum may also be provided in long day care centres and other settings.
Primary contact staff	Staff whose primary function is to provide care and/or preschool services to children
Program support activities	Administration expenditure associated with the licensing of services not in receipt of government funding
Real expenditure	Actual expenditure adjusted for changes in prices. Adjustments were made using the GDP (E) price deflator, and expressed in terms of final year prices.

(Continued on next page)

Table 13A.[Error! Not a valid link.](#) (Continued)

<i>Term</i>	<i>Definition</i>
Rural and remote areas	Areas defined as per the 1994 Human Services and Health and Department of Primary Industry and Energy publication, <i>Rural, Remote and Metropolitan Areas Classification 1991 Census Edition</i> . This publication assigned a measure of remoteness to each statistical local area (SLA) in Australia. Jurisdictions were provided with a table showing the classification assigned to each statistical local area in Australia. Jurisdictions were able to use this table to establish the total number of rural and remote places receiving government funding.
Serious injury	Injury requiring a visit to (or by) a doctor, or hospitalisation
Service	A certain type of activity, such as long day care. A location may offer a number of services, such as both preschool and occasional care services. Services might have been offered at a number of locations, such as after school hours care at different locations.
Service type	The categories for which data were collected: <ul style="list-style-type: none">• centre based long day care;• family day care;• vacation care;• outside school hours care;• occasional care;• 'other' care; and• preschools.
Substantiated complaint	A substantiated complaint is an expression of concern, regarding a child care or preschool service made orally, in writing or in person, which constitutes a failure by the services to abide by the State or Territory legislation, regulations or conditions. This concern is investigated and subsequently considered to have substance by the regulatory body.
Vacation care	Care for school age children over vacation periods only

Table 13A.105 Descriptors

<i>Descriptor</i>	<i>Definition</i>
Administration expenditure	Direct salaries associated with providing the following support services: licensing, advice, policy development, grants administration and training. Administration expenditure should have been limited to that proportion of expenditure spent on government funded and/or provided services. Administration also includes direct salaries associated with licensing all services.
Expenditure on assets	Expenditure on major and minor capital works. Expenditure spent on leasing equipment was included as administrative expenditure.
Full time equivalent staff numbers (FTE)	Numbers of staff working standard hours in a working week
Recurrent expenditure	Gross expenditure on wages, salaries and supplements and purchases of goods and services (both from public enterprises and the private sector). It refers to expenditure that does not result in the creation or acquisition of fixed assets (new or second hand).

Table 13A.106 Indicators

<i>Indicator</i>	<i>Definition</i>
Proportion of services providing nonstandard hours of care	The number of services providing nonstandard hours of care divided by the total number of services, by service type
Proportion of special needs groups using services relative to their population proportions	The number of children from special needs groups using children's services divided by the total number of children using children's services. Results were presented separately for child care and preschool services with special needs groups divided into children from a non-English speaking background, children from an Aboriginal or Torres Strait Island background, children from single parent families, children with disabilities, and children from remote or rural areas. These were compared with their representation in the community.
Serious injuries sustained/notifiable outbreaks of disease per registered or licensed service	The total number of serious injuries sustained by children and total number of notifiable outbreaks of disease divided by the total number of registered or licensed services
Substantiated complaints per registered or licensed service	The number of substantiated complaints divided by the total number of registered or licensed services. Results were presented separately by service type. The proportion of substantiated complaints against which action was taken was also reported.

(Continued on next page)

Table 13A.[Error! Not a valid link.](#) (Continued)

<i>Term</i>	<i>Definition</i>
Out-of-pocket costs relative to family income for children's services	Modelling undertaken by the Department of Family and Community Services for families with one child and two children respectively in full time care (defined as 50 hours per week for each child) for a range of indicative annual incomes. Out-of-pocket costs are based on the average weekly fee for one child and two children in full time care, and are calculated as a proportion of weekly disposable income, after the payment of child care subsidies. The annual income levels used are: \$27 000, \$35 000, \$45 000, \$55 000 and \$65 000.
Government recurrent expenditure per hour of service	Total government recurrent funding on children's services divided by the total hours of care provided by services receiving government funding
Administrative expenditure as a proportion of total government expenditure	Total government administrative expenditure divided by total government expenditure
