
A Consultation

A.1 Introduction

In accordance with the terms of reference, an initial circular for the 2009 study was distributed in late November 2008. In December 2008 the Commission placed advertisements in national and metropolitan newspapers inviting public participation in the review and released an issues paper shortly after.

The Commission has held informal consultations with government departments and agencies, peak industry groups, businesses and individuals. Roundtables were held in Canberra after release of the draft report in late June 2009. A list of the meetings and informal discussions undertaken is provided below.

The Commission received 101 submissions as listed below. Public submissions are available on the Commission's website.

The Commission would like to thank all those who contributed to the study.
