MR R WOMBOLD

[REDACTED]

Dear Mr Wombold

I refer to the advice from the Department of Defence concerning the lump sum payment of compensation for your (L) Knee.

Disability pension paid in respect of an incapacity accepted as related to defence service is limited by payments of compensation received from any other source in respect of the same incapacity.

In your case the lump sum payment of compensation by the Department of Defence when converted to a Fortnightly equivalent using tables supplied by the Commonwealth Actuary limits payment of the pension by \$25.42 per fortnight.

That is to say the pension payable is to be reduced by \$25.42 per fortnight with effect from 11 April 1996.

This limitation will remain in effect as long as the pension is payable but will not increase unless further compensation payments are received.

Should you have any queries concerning payment of the pension please do not hesitate to contact me on the above phone number.

Yours sincerely

[REDACTED]
