

Mr Phillip Weickhardt
Inquiry into Waste Generation and Resource Efficiency in Australia
Productivity Commission
LB2, Collins Street East
MELBOURNE VIC 8003

Dear Commissioner Weickhardt,

Your draft report released in May 2006 needs a greater focus on responsibility of producers for their products to be reused and recycled in the long term. Waste reduction and recycling, and waste minimisations are the most important considerations, and industry needs to do its bit.

Yours sincerely

Amanda Neill
