

You cite in your Issue Paper, Houghton (2011) on Costs and Benefits of Data Provision, as sponsored by ANDS. There is also a newer report on the Value of Data created during the research process (Houghton and Gruen 2015). See it online at: <http://ands.org.au/working-with-data/articulating-the-value-of-open-data/open-research-data-report>.
