### TAXATION REFORM – ZONE BOUNDARY REVIEW

I am pleased to advise that the Shire of Carnarvon is supportive of taxation reform, with particular attention to a zone boundary review for people living in remote and regional Australia as promoted by Dr A R Fullarton.

With the Shire of Carnarvon's population having declined over the years, the proposal as prepared by Dr Fullarton to review the zone taxation subsidies will enhance the Shire's endeavours to attract people to not only settle in Carnarvon, but also in remote and regional areas of the Gascoyne.

Therefore in closing, I can confirm the Shire of Carnarvon endorses the submission by Dr Fullarton and hopes that the Federal Government will look favourably upon his concept as a practical and sensible solution to populating remote Australian towns such as Carnarvon.

Yours faithfully
