

Regarding Screening + Drugging from 0-3 yrs old.

Dear Sir,

I absolutely do NOT agree with the screening of children ~~if~~ infants from 0-3 yrs old.

Crying and whining is a form of communication that babies use to let their parents know that they are hungry as they are unable to articulate verbal words.

And now they will be drugged for this.

This is atrocious and cannot be tolerated.

I do not approve of the drugging of babies + infants. You ~~are~~ CANNOT PASS THIS LAW!!!

Sincerely,

Pharhyn Edwards.
