Mr Raymond Keith Wombold

Dear Mr Wombold

SAFETY, REHABILITATION AND COMPENSATION ACT 1988

I refer to your application for a payment for permanent impairment for your both knees condition.

On the basis of available evidence, I determine that you have suffered a whole person permanent impairment as a result of your compensable injury and the degree of that impairment is 10%.

The total amount of compensation payable has been assessed as \$32,235.56 which consists of \$20,243.25 for the impairment plus \$12,009.31 for non-economic loss.

Having regard to Section 115 of the Act, an overpayment of pension of the amount of \$8,679.11 has resulted under the provisions of the Veterans' Entitlements Act, and is subtracted from the total compensation payable. This leaves a net entitlement of \$23,573.45 ← * which will be paid to you within 30 days of the date of this letter.
