economy, by connecting founders and entrepreneurs to the capital, capability and networks to help them succeed.

We will be building a portfolio of exclusively minority (<49%) equity investments between \$5-15m in profitable and growing Australian companies (c. \$10-100m turnover). We will deploy \$500m in capital across a diverse portfolio of businesses the next five years.

Along with capital for growth, we will curate a talent network of highly experienced business professionals to assist our investee company executives achieve their growth objectives.

In fulfilling our vision, we will have backed a new generation of founders and entrepreneurs, supported new innovation and businesses to create jobs and economic growth, and worked successfully with banks and government to support the growth priority sectors vital to Australia's economic future.

The ABGF aims to distinguish itself from traditional PE funds via a strong for-purpose objective to support and assist in the growth of Australian SME's, a high velocity deal flow and a non-hierarchical, highly diverse and inclusive culture.
