

Can we lend you a hand?

Introducing a new joint social enterprise project between Interwork and Comhouse. This program will support the needs of the aged and/or disadvantaged members of our community that require safe and secure home maintenance services.

For our workers we will provide:

- Training and development of skills for an under-utilised work force
- On-site experience in minor home maintenance jobs

For our clients* we will provide:

- Services at low cost
- Indoor and outdoor maintenance
- Repair or replacement of fixtures (fly-screens)
- Changing old light bulbs to new CFL bulbs
- Moving furniture
- Garden work, gutter cleaning

This project hopes to provide meaningful work and opportunities for those seeking employment in a community based enterprise assisting members of their own community. If you would like to learn more and also provide us with your views on whether or not it is a service you would support please go to <http://www.surveymonkey.com/s/6PWMT3N> and complete the short survey.

A Not-For-Profit partnership between Interwork and COMHOUSE.

*Starting initially in the North Western and Northern Suburbs in May
