

Dear Sir or Madam,

I would simply like to draw your attention to the fact that publicly owned airports in Sweden has recently been corporatised, which prompts for an update in your Appendix C, where Sweden is listed in the category of countries with publicly owned airport systems (which was true up to last year). The new publicly owned company is called Swedavia. You can find more information on Swedavia at their website. www.swedavia.se.

Kind Regards
