Dear Sir/Ma'am,

**RE: DEREGULATION OF THE ARCHITECT IURAL PROFESSION**

I am a Registered Architect (No 1570) in Western Australia and, during the past 21 years I have been registered in both Victoria and the Northern Territory.

I strongly support the view of the Architects Board of Western Australia in that it is of paramount importance that the registration of Architects is retained and that the most appropriate model is a Uniform Act across Australia administered by local State and Territory Boards.

I believe it is in the community's best interest that they can have the confidence and protection that accrues from having the title of "Architect" protected under legislation.

Yours faithfully,
