Dear Professor Richard Snape,

Re: Media Diversity.

I am writing to you in regard to the above matter which is of concern to everyone.

The media, how disappointing it is. Is it a puppet on strings, the politicians are learning to play and pull the strings. But wait, one person in charge, I know who would be pulling the politicians strings.

The ABC showed a serial called the Mercury, what a paper this was, it reminded myself what it was all about. But, I have some examples that are leaving me wondering eg. Jeff Kennett and that share issue.

John Elliot why are his mates in jail in NZ.

Rex destroyed a fishing industry, but, what would the CSIRO know.

Where is the media?

Maybe, it is because the wealth in Australia belongs to so few, and I am not one of the above. What happened in Asia with people lining their own pockets. Is this why white collar crime costs Australia more, but we don't like to talk about it, get the little man.

One last point. Bill Gates, what is happening in America with him?

I have grown up loving Australia and its diversity in people, diversity in achievements, diversity in skills and diversity in environment. Diversity makes Australia great. But, under that top lay of todays media how much diversity is there?

Yours sincerely,
