3rd February, 2011.

To whom it may concern.

This submission is in support of the submission made by Community Child Care Cooperative.

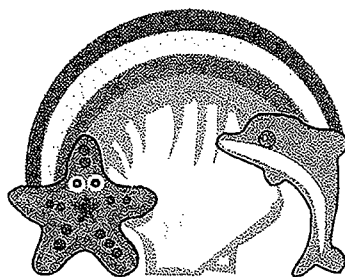

Community Child Care Cooperative (CCCC) is a long standing and very well-respected support and advocacy service that represents the views of a large portion of the Early Childhood Education & care sector.

The anecdotal evidence cited in the submission mirrors my own experience as a Director of Early Childhood services for over 20 years.

I agree wholeheartedly with the views expressed and the concerns raised by CCCC and urge the Productivity Commission to pay particular attention to the issues expressed.

I also wholeheartedly support the recommendations made by CCCC with regard to the Commission's findings.
