Dear Dr Fels

### Executive Salaries Enquiry.

I believe you have accepted the task of inquiring and at the conclusion submitting recommendations for the regulation of reasonable level of remuneration for executives and Company Directors of larger public and or private companies.

The first reaction of those most involved in “It would not work”. To that I say “why not”.

If it is good enough for the Governor General, the Prime Minister, the Chief Justice and all politicians and members of the Judiciary to be on a fair scale of remuneration and also all workers in industry, health, emergency services, to be on a fixed scale of pay why not the people who are running our economy!

It is an affront to have a company called “a millionaires factory”!

We should also make “Hush money” illegal!

We should also make “Hello money” illegal!

There has to be a way of stopping the, totally void of ethics, people laughing at the rest of us.

Please Sir, you can! Don't let anybody sidetrack you in your endeavour!

With faith in you, Yours faithfully, Jonah Versteegen.
