Dear Sirs

Please accept this letter as confirmation of our group's support for EFIC and the services and products they currently offer within the film and television industry.

EFIC has been instrumental in facilitating many Australian production companies export their intellectual property overseas.

Some of the recommendations in the draft report will impact EFIC's ability to continue to support the growing Australian entertainment industry.

By way of background our group includes our registered tax agency and CPA company, Contrarian Tax Unit Pty Ltd. Collectively our group has provided its services on over \$2billion in film and television productions in Australia and around the world.

We work directly with EFIC on behalf of our many production company clients and would be delighted to provide more specific information to the Commission in support of EFIC.

Yours truly

Brett Thornquest
Co-president
