Executive Officer,
Gambling Inquiry,
Belconnen.

Dear Sir,

I desire to make a submission to
the Government Inquiry on Gambling.

Poker machines & casinos are causing
an unprecedented increase in gambling in
Australia.

Gambling is based on selfishness &
greed. It is the "desire to get rich quick" for
little outlay of money or effort.

Sometimes we genuinely desire to
help a good cause — then make a straight-out
donation. Money spent on a raffle ticket
goes partly to provide prizes & partly to cover
administrative costs.

Enjoy making a generous donation!

Yours sincerely,
(Mrs) Evelyn Jago
