

TABLE 1 Rheem Government Interactions

<u>Jurisdiction</u>	<u>Department</u>	<u>Branch/Division</u>	<u>Issue</u>
Federal	Dept of Climate Change	Office of the Renewable Regulator	Current MRET Scheme
		Renewable Electricity Markets Team	New MRET Scheme
	Department of Environment, Water, Heritage and the Arts	Water Efficiency Labelling Scheme	WELS Labelling and minimum standards of instantaneous water heaters
		Renewable Energy	Solar Water Heater Rebate Scheme
		Community Water Scheme	Solar Schools Programme
		Energy Efficiency	Gas water Heater MEPS
			Electric water heater phase out
			Water Heater Comparison Tools
			10 star appliance labelling development
			Development of new efficiency standards for water heaters
	National Framework for Energy Efficiency (NLEE) including a “National Hot Water Strategy”		
Industry Innovation, Science and Research	Australian Building Codes Board	Australian Building Code	
NSW	Department of Commerce	Office of Fair Trading	Electrical Standards & Licencing
			Plumbing Standards & Licencing
			Gasfitting Standards and Licencing
	Department of Planning	BASIX	New Home BASIX Scheme
	Department of Environment and Climate Change	Sustainability Programmes	NSW Water Heater Rebate Scheme
	Department of Water & Energy	Greenhouse Policy	Appliance Regulation
			NLEE Representation
WELSAC – IGWH water wastage			

TABLE 1 Rheem Government Interactions

Victoria	Department of Primary Industry Department of Sustainability and Environment	Policy & Strategy	Victorian Energy Efficiency Target Scheme (VEET)
		Office of Water	WELSAC – IGWH water wastage + New Victorian Building Regulations
		Sustainability Victoria	Victorian Solar Water Rebate Scheme
		Sustainable Buildings	New Victorian Building Regulations
	Energy & Resources	Energy Safe Victoria	Electrical Standards & Licencing
			Gasfitting Standards and Licencing
	Department of Planning & Community Development	Plumbing Industry Commission	Plumbing Standards & Licencing
			Management of Plumbing Compliance with the Building Code
Strategic Policy Research and Forecasting		New Victorian Building Regulations	
Queensland	Environmental Protection Agency	Office of Climate Change	Potential Solar Water Rebates
		Climate Change Centre of Excellence	Development of Climate Change Policy
	Infrastructure and Planning	Queensland Water Commission	WELSAC – IGWH water wastage
		Building Codes Queensland	5 Star New Homes Building Code
			Ban on Electric Water Heaters in Existing Homes
			Extension of Building Code to Class 2 Homes
	Minerals & Energy	Policy & Operations	NFEE Representation
		Petroleum & Gas Inspectorate	Gasfitting Standards and Licencing
		Energy Markets Unit	Gas Water Heater Rebates
	Employment & Industrial Relations	Electrical Safety Office	Electrical Standards & Licencing
