

As a small agency with only small numbers of retail tenancy I would like to see simpler terms applicable when a tenant only wishes to take a six month lease or 12 month lease on a property. I have found in most cases the disclosure statements and lease preparation by the solicitors is very useful when a lengthy lease is required or the business is sold onwards and the terms are required for the business to proceed.

I am happy with the telephone contacts in relation to any questions concerning retail leasing.

Kind Regards
