

## Errata – Report on Government Services 2007

The following amendment was made to the 2007 Report since it was released in January 2007.

### Part E. Health preface

The figure E.2 has been revised but data in the text and attachment tables EA.2 and EA.3 are correct in the 2007 Report. The revised figure is reproduced below.

Figure E.2 **Recurrent health expenditure, by area of expenditure, 2004-05 (2003-04 dollars)<sup>a, b, c, d, e, f</sup>**

<sup>a</sup> Government funding of recurrent health expenditure is not adjusted for non-specific tax expenditures. <sup>b</sup> Almost all expenditure on medical services relates to services provided by practitioners on a fee-for-service basis, including those provided to private patients in hospitals. Excluded are the medical component of hospital care provided to public hospital inpatients and the outpatient medical services provided at public hospitals. <sup>c</sup> Medications include (but are not limited to) those provided under the PBS. <sup>d</sup> High level residential aged care services cover services to those residents requiring and receiving a level of care that falls within one of the four highest levels of care. These services are commonly classified as health services expenditure, but are discussed separately in this Report (chapter 12). <sup>e</sup> Government funding on other health practitioners includes DVA funding and DoHA hearing services (audiology component) which was previously included in 'other health'. <sup>f</sup> Other health expenditure includes ambulance, other institutional health nec., dental services, community health, aids and appliances, public health, other non-institutional health nec., administration and research.
